PROGRAM NOTES

Former and current Board members reported on the events of the past 6 months and the expectations for the future. Our new president, Cassie Bledsoe, reaffirmed the commitment to make our weekly meetings more structured and meaningful. Our new program chair, Steve Meleleu, will be working to make sure our weekly programs provide value and include pertinent outside speakers. Focusing on recruiting new members will include targeting specific professions/services. All members are encouraged to keep the commitments made in the past few months to make DBA better and stronger.

NEXT PROGRAM PRESENTER

Our newest member, Raymond Wong, will spotlight his business.
