November 6, 2018

Robin Hamm of Dallas Pools brought his own version of show and tell to Tuesday's meeting. Robin's company cleans and repairs swimming pools and Robin demonstrated the different products and tools he utilizes in his business. Among the products demonstrated were the leaf master, valves, male/female unions, nipples, diverters, jbox, test strips, GFI's, and pumps. The leaf is the lifeblood of his business and he measures its value by the pound. Robin has been in the swimming pool and related businesses in Dallas since 1977. He foresees a day when pool maintenance will be done using an app on a phone. He thanks fellow DBA member Elaine Kollaja for changing his life and looks forward to the day when he has more time to play golf.
